**International School of Hydrocarbon Measurement**

May 16, 17 & 18, 2023

Oklahoma City Convention Center, 1 Mick Cornet Drive

January 1, 2023

**Howdy ISHM 2023 Exhibitors!**

Glad to have you back in Oklahoma City for the **96<sup>th</sup> Edition of ISHM!** We're here for you again to help make it all happen smoothly; so this Exhibitor Packet is chock full of information and order forms to mark your path back home with us. And if this is your **First Time To Exhibit**, expect this to be the best exposition you're in this year.

The **Oklahoma City Convention Center**, with the **Omni Hotel** and **Fairfield Inn & Suites** nearby, has been busy since its opening last year. In fact, they've been so busy our ISHM schedule has been slightly impacted by their crowded agenda. For 2023, we'll be setting up all day Monday (instead of Sunday like we usually do), moving some exhibits in on Monday evening, and continuing set up on Tuesday morning. **The school's start time on Tuesday will be pushed a bit to provide Exhibitors with sufficient set up time.** Once it all opens, though, everything will operate on the normal ISHM schedule -- including move-out on Thursday, the 18th.

Please, look through the following pages to determine which services, if any, you want added to your plans. The packet begins with the Event Timeline, follows with General Instructions for shipping display materials, and continues with all the Forms you need to make things go the way you want. But if you can't find answers to your questions, just give me a call or email your concerns.

**Betsy Fry 405-623-8183 FrypanOK@aol.com**

For more than ten years now Frypan Pardners has provided service to ISHM exhibitors; and we understand the complications you face hosting dynamic displays on a tight schedule. If this is your first time to exhibit at ISHM, let's be sure we get better acquainted, Pardner!

**Warm regards,**

*Betsy Fry*
